

Please don't change the National K-LOVE broadcasting format. I live in Tucson, Arizona but my parents live in southeastern Oklahoma and my sister in Northern Idaho. We are spread so far apart in distance due to work and family but it is such a comfort to know that we are all listening to K-LOVE and we are hearing the same encouraging song at the same time. I love that I can call one of them and they are listening to what I'm hearing also. K-LOVE is an inspiring radio station that I am happy to support financially. I know that there are many others like me who love listening to the music and messages on K-LOVE. Please don't take my radio station away. There are currently no local radio stations in Tucson that play the kind of music that K-LOVE plays and without K-LOVE we would be without choices. K-LOVE is the one radio station that my children and I all agree on!
